 **FLUENT MOBILITY** 

# ABOUT DANZOL™ LUBRICANTS

Established in 2006 as a subsidiary of DNP Holdings™, Danzol™ Lubricants has become one of the leading manufacturers and suppliers of high-performance lubricant and grease products by building on two core competencies of its parent –

- Over two decades of un-paralleled experience in the lubricants industry.
- A reputation for quality products and service.

Today, Danzol™ Lubricants offers a wide range of specialized products, developed in a state-of-the-art ISO 17025 laboratory and blending plant built in the industrial heart of the country and situated in the most dynamic and growing economy of the region.

Given that this is an industry driven by technical excellence, our highly experienced and qualified team have made all the difference in satisfying customer needs and delivering success.

Our management leads by example with embedded organizational work ethics that ensures employee engagement to satisfy customers with quality and flexibility.
